

Rokaya Ahmed Sharawy

Data Engineer

+20 1094403859 | Al-Qalyubia, Egypt | roka.sharawy2020@gmail.com | [LINKEDIN](#)

OBJECTIVE

Motivated Computer Science student with a strong passion for Data Engineering. Proficient in Python, SQL, and data structures, with a solid understanding of OOP principles. Familiar with ETL processes, data warehousing concepts, and building data pipelines. Possess foundational knowledge in Data Science and Machine Learning. Eager to apply my skills to contribute to building and maintaining scalable data solutions in a dynamic Data Engineering internship.

EDUCATION

Information Systems Department - APET Accredited

Faculty of Computer and Information Sciences, Ain Shams University. (2022-2026)

CGPA = 2.9, Grade (B-)

Experience

- Big Data Analysis Training at NTI for a one month (October 2025)
- Linux Fundamentals Summer Training with OSC at ASU (October 2025)
- Web Development Training at ASU (October 2024)

Projects

- **Kiva loans Project** **Mar 2025 – May 2025**
 - Applying Data Cleaning in python language
 - Visualize using Power BI & Making Time Series
 - Developing a machine learning model to predict funded amount of the kiva
- **Market Management System Using C++** **Mar 2024 – May 2024**
 - Developed a login and registration system for sellers, customers, or both.
 - Enabled customers to browse, purchase, rate, and search products.

- Empowered sellers to manage inventory, including adding, editing, and pricing products.
 - Utilized Binary Search Trees (BST) and linked lists for efficient data management.
 - Designed a user-friendly graphical interface with WinForms C# for seamless interaction.
- **Conference Management System Using SQL** **Mar 2024 - May2024**
 - Designed and implemented a SQL database system with a robust schema and ERD to manage conferences, attendees, and organizers.

Volunteering

- Data Science Member at SUPPORT ASU.

SKILLS

Technical Skills	Spark, Apache Kafka, Database Concept, Git, GitHub, Data Structures, Algorithms, AI, Database, OOP, Microsoft office
Programming Languages	Python, SQL, C++, Java, R
Languages	English, Arabic
Soft Skills	Public Speaking, Teamwork, Communication Skills, Problem solving, Time management, Critical Thinking, Attention to details, Leadership.
Familiar With	Linux, HTML, CSS, JavaScript

Certifications

- [Big data analysis from NTI](#)
- [Associate Data Engineer in SQL from Data Camp](#)
- [Data Engineer in Python Track on Data Camp](#)
- [Building Data Pipelines with Apache Airflow from 365 Data Science](#)
- [ETL and ELT in Python from Data Camp](#)
- [Introduction to Apache Airflow in Python from Data Camp](#)

- [Introduction to Big Data with Spark and Hadoop from Coursera](#)
- [Big Data Fundamentals with Py Spark from Data Camp](#)
- [Apache Kafka from almentor](#)
- [Cleaning Data in Python from Data Camp](#)
- [Linux Fundamentals from OSC ASU](#)
- [Data Science Summer Training from SUPPORT ASU](#)
